Catholic quotes that remind us how and why we can be thankful, not just while we celebrate Thanksgiving, but every day.

"No duty is more urgent than that of returning thanks." - St. Ambrose... Thankfulness is key to changing the culture. When people are thankful and they let others know, they are recognizing the work others do to serve them. As Catholics, we strive to imitate Jesus, who is the Servant and came to serve us during this time on earth. When we are not thankful, we are not recognizing Christ and the value of the other person. We especially forget to be thankful to the ones closest to us. Find a way to thank someone close to you, your spouse, parents, siblings, etc.

"In all created things discern the providence and wisdom of God, and in all things give Him thanks." - St. Teresa of Avila... We always need to be giving thanks to the Lord. Without him, nothing is possible. Our whole life must be ordered to give the Lord thanks through our thoughts, actions and prayers. Our infinite God created us, finite human beings to love Him. How crazy is that? God made each little thing for our good. Take 5 minutes today and tell God what gifts from Him you are thankful for.

"Remember the past with gratitude. Live the present with Enthusiasm. Look forward to the future with confidence."- St. John Paul II ... Pope St. John Paul II was a man of gratitude and wisdom. In our lives, we do not do everything as perfectly as we want as a result of the fall, or we get put in bad situations through the way we were raised or the choices we made. We must accept our past to move forward in our lives. Whatever struggles we faced, we must thank God for the opportunity to suffer. If we had an easier past, we must thank God for the blessings He has given us. Either way, we must be grateful for the journey He has taken us on during our lives. Each moment has led us closer to Him and our desire for Him. Without gratitude for our past, we will be stuck, unable to move toward the great things He has in store for us. Once we get to a place of thanksgiving, we will be able to live enthusiastically in the present and look forward to what is to come in this life and the next.
