## DESIGN CONTEST FOR NEW OUR LADY OF FATIMA SHRINE

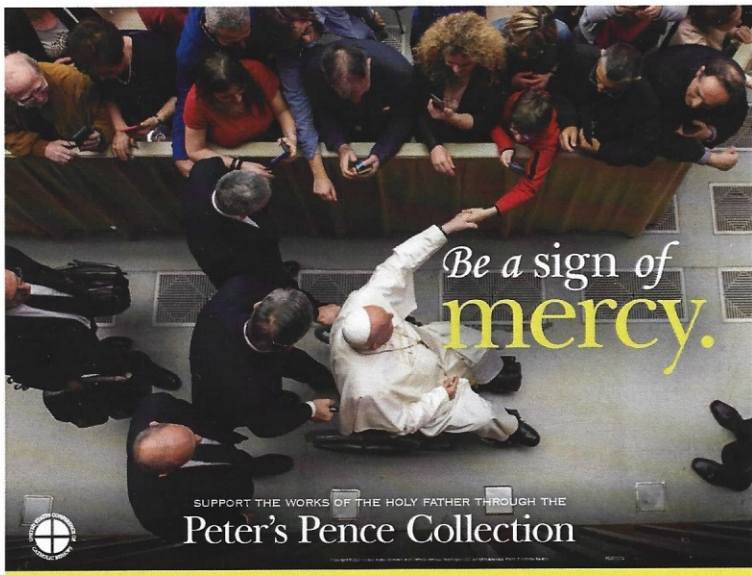

The American Society of Ephesus ("ASE"), in cooperation with ArtSpace/Lima, has announced that its state-wide Design Competition for the new Our Lady of Fatima Shrine at Indian Lake will start accepting entries on Saturday, June 15, 2024. The Entry Form and Rules are posted on the websites for ASE and for ArtSpace/Lima. The due date for submission of all entries is August 15, 2024. There are six age categories for artists: 10 and under, 12 and under, 14 and under, 16 and under, 18 and under and over 18. All Artists must be Ohio residents, as outlined in the Rules. There are cash prizes for the winning entries in all age categories of \$1,000.00 for the first five age categories and up to \$5,000.00 for the winning entry in the over 18 Age Category. Entries may also be submitted by a Design Team, as long as all members of the team meet the age and residency requirements.

A five-person jury will review and judge the designs that are submitted. There will be one winner in the younger age categories and three finalists in the over 18 category. Those three finalists in the older age group will then have a chance to refine their designs and resubmit them. The jury will then rank those three as first, second and third, with cash prizes to all three. The winning design entries will be displayed at ArtSpace/Lima and posted to the websites for both sponsors for the Design Competition.

Entry Forms and Rules are available at [www.asegbqfoundation.org](http://www.asegbqfoundation.org) or [www.artspacelima.com](http://www.artspacelima.com). For more information, visit [www.asegbqfoundation.org](http://www.asegbqfoundation.org) or [www.artspacelima.com](http://www.artspacelima.com).

**PETER'S PENCE COLLECTION**

**JUNE 30, 2023**

Next week's second collection is for Peter's Pence, which supports the work of the Universal Church and the work of Pope Francis, including his charitable works, such as his past donation of medicine for sickle cell disease. Sickle cell disease is a genetic illness that can cause serious conditions in those it affects, including strokes, infections, kidney disease, and episodes of severe pain. The Republic of Congo has one of the world's highest cases of sickle cell disease in the world. Medicines that treat the condition are difficult to obtain, are expensive, and are rarely available in Congo, leaving vulnerable sickle cell patients – such as the children in an orphanage near Brazzaville – especially at risk

of complications. In response to this urgent need, Pope Francis donated a supply of these valuable medicines to the orphanage to treat the children in its care. Parishioner contributions to the Peter's Pence collection help fund not only all the activities of the dicasteries of the Roman Curia that assist the pope in the exercise of his ministry but also a number of solidarity projects that aid those most in need. These works benefit our brothers and sisters on the margins of society, including victims of war, oppression and disaster.

Please take this opportunity to join with Pope Francis and be a sign of mercy to our suffering brothers and sisters.
